

The Michigan Masonry Coalition

"Collaborate, Innovate, Educate"

MMC is dedicated to assist Engineers, Architects, CM's, Owners and Craft Workers from inception to completion of a project.

Contact us for ANY PHASE of your project. We will collaborate, innovate and educate every step of the way to make your project a success!

PROGRAMMING - It is never too early to know your options. Learn more about masonry in general and consider the value it adds to your project. Allow us to show you how we can address the structural type, local ordinances, schedules, codes and more.

DESIGN PROCESS

- Lessons Learned and Success Stories
- Conceptual Design and Cost Analysis
- Structural System Analysis
- Masonry Codes
- Structural Software and Training
- BIM Software for Masonry and Training
- Specification Review
- Detail Review
- Assist in Pre-Construction Meetings
